

DV Editing

Applied Magic Screenplay

\$250/day

\$750/week

A fully optimized, stand alone (PC independent), task-specific non-linear video editing system.

The ScreenPlay lets you process composite, S-video and "fire wire" video with 4 stereo audio channels, all through an intuitive interface, with real-time transitions, titles, color and special effects.

Accessories: Sony PVM-1354Q 13" Color Monitor - \$50/day \$150/week
